## Recombinant Human VTN

Catalog No: #GP11164

Package Size: #GP11164-1 100ug

Orders: order@signalwayantibody.com Support: tech@signalwayantibody.com

## Description

| Product Name          | Recombinant Human VTN   |
|-----------------------|---|
| Brief Description     | Recombinant Protein   |
| Immunogen Description | Fusion protein corresponding to a region derived from 64-364 amino acids of human vitronectin |
| Target Name           | vitronectin   |
| Other Names           | VN; V75; VNT  |
| Accession No.         | Swissprot:P04004Gene Accession:BC005046   |
| Uniprot               | P04004  |
| GeneID                | 7448;   |
| Storage               | -20~-80°C, pH 7.6 PBS   |

## Background

The protein encoded by this gene is a member of the pexin family. It is found in serum and tissues and promotes cell adhesion and spreading, inhibits the membrane-damaging effect of the terminal cytolytic complement pathway, and binds to several serpin serine protease inhibitors. It is a secreted protein and exists in either a single chain form or a clipped, two chain form held together by a disulfide bond.?
