

Recombinant Human CENPP

Catalog No: #GP11363

Package Size: #GP11363-1 100ug

Orders: order@signalwayantibody.comSupport: tech@signalwayantibody.com

Description

Product Name	Recombinant Human CENPP
Brief Description	Recombinant Protein
Immunogen Description	Full length fusion protein
Target Name	centromere protein P
Other Names	CENP-P; RP11-19J3.3
Accession No.	Swissprot:Q6IPU0Gene Accession:BC071726
Uniprot	Q6IPU0
GeneID	401541;
Storage	-20~-80°C, pH 7.6 PBS

Background

CENPP is a subunit of a CENPH (MIM 605607)-CENPI (MIM 300065)-associated centromeric complex that targets CENPA (MIM 117139) to centromeres and is required for proper kinetochore function and mitotic progression. Component of the CENPA-CAD (nucleosome distal) complex, a complex recruited to centromeres which is involved in assembly of kinetochore proteins, mitotic progression and chromosome segregation. May be involved in incorporation of newly synthesized CENPA into centromeres via its interaction with the CENPA-NAC complex.
