

Recombinant Human DEPDC1

Catalog No: #GP11458

Package Size: #GP11458-1 100ug

Orders: order@signalwayantibody.comSupport: tech@signalwayantibody.com

Description

Product Name	Recombinant Human DEPDC1
Brief Description	Recombinant Protein
Immunogen Description	Fusion protein corresponding to C terminal 220 amino acids of human DEP domain containing 1
Target Name	DEP domain containing 1
Other Names	DEP.8; SDP35; DEPDC1A; DEPDC1-V2
Accession No.	Swissprot:Q5TB30Gene Accession:BC065304
Uniprot	Q5TB30
GeneID	55635;
Storage	-20~-80°C, pH 7.6 PBS

Background

DEP domain containing 1 is a protein in humans that is encoded by the DEPDC1 gene. May be involved in transcriptional regulation as a transcriptional corepressor. The DEPDC1A-ZNF224 complex may play a critical role in bladder carcinogenesis by repressing the transcription of the A20 gene, leading to transport of NF-κB protein into the nucleus, resulting in suppression of apoptosis of bladder cancer cells.
