

Recombinant Human RNH1

Catalog No: #GP11951

Package Size: #GP11951-1 100ug

Orders: order@signalwayantibody.comSupport: tech@signalwayantibody.com

Description

Product Name	Recombinant Human RNH1
Brief Description	Recombinant Protein
Immunogen Description	Fusion protein corresponding to C terminal 250 amino acids of human ribonuclease/angiogenin inhibitor 1
Target Name	ribonuclease/angiogenin inhibitor 1
Other Names	RAI; RNH
Accession No.	Swissprot:P13489Gene Accession:BC003506
Uniprot	P13489
GeneID	6050;
Storage	-20~-80°C, pH 7.6 PBS

Background

Placental ribonuclease inhibitor (PRI) is a member of a family of proteinaceous cytoplasmic RNase inhibitors that occur in many tissues and bind to both intracellular and extracellular RNases (summarized by Lee et al., 1988 [PubMed 3219362]). In addition to control of intracellular RNases, the inhibitor may have a role in the regulation of angiogenin (MIM 105850). Ribonuclease inhibitor, of 50,000 Da, binds to ribonucleases and holds them in a latent form.
