Recombinant Human SNX12

Catalog No: #GP12050

Package Size: #GP12050-1 100ug

Orders: order@signalwayantibody.com Support: tech@signalwayantibody.com

Description

Product Name	Recombinant Human SNX12
Brief Description	Recombinant Protein
Immunogen Description	Fusion protein corresponding to N terminal 122 amino acids of human SNX12
Target Name	sorting nexin 12
Accession No.	Swissprot:Q9UMY4Gene Accession:BC103848
Uniprot	Q9UMY4
GeneID	29934;
Storage	-20~-80°C, pH 7.6 PBS

Background

This gene encodes a member of the sorting nexin family. Members of this family contain a phox (PX) domain, which is a phosphoinositide binding domain, and are involved in intracellular trafficking. This protein does not contain a coiled coil region, like some family members. A similar protein in mouse may be involved in regulating the neurite outgrowth. Alternate splicing results in multiple transcript variants.?
