

# Recombinant Human TAF12

Catalog No: #GP12088

Package Size: #GP12088-1 100ug

Orders: [order@signalwayantibody.com](mailto:order@signalwayantibody.com)Support: [tech@signalwayantibody.com](mailto:tech@signalwayantibody.com)

## Description

Product Name	Recombinant Human TAF12
Brief Description	Recombinant Protein
Immunogen Description	Full length fusion protein
Target Name	TAF12 RNA polymerase II, TATA box binding protein (TBP)-associated factor, 20kDa
Other Names	TAF2J; TAFII20
Accession No.	Swissprot:Q16514Gene Accession:BC011986
Uniprot	Q16514
GeneID	6883;
Storage	-20~-80°C, pH 7.6 PBS

## Background

Control of transcription by RNA polymerase II involves the basal transcription machinery which is a collection of proteins. These proteins with RNA polymerase II, assemble into complexes which are modulated by transactivator proteins that bind to cis-regulatory elements located adjacent to the transcription start site. Some modulators interact directly with the basal complex, whereas others may act as bridging proteins linking transactivators to the basal transcription factors. Some of these associated factors are weakly attached while others are tightly associated with TBP in the TFIID complex. Among the latter are the TAF proteins.
