

Recombinant Human CCNK

Catalog No: #GP12726

Package Size: #GP12726-1 100ug

Orders: order@signalwayantibody.comSupport: tech@signalwayantibody.com

Description

Product Name	Recombinant Human CCNK
Brief Description	Recombinant Protein
Immunogen Description	Fusion protein corresponding to a region derived from 155-354 amino acids of human CCNK
Target Name	cyclin K
Other Names	CPR4
Accession No.	Swissprot:O75909Gene Accession:BC015935
Uniprot	O75909
GeneID	8812;
Storage	-20~-80°C, pH 7.6 PBS

Background

The protein encoded by this gene is a member of the transcription cyclin family. These cyclins may regulate transcription through their association with and activation of cyclin-dependent kinases (CDK) that phosphorylate the C-terminal domain (CTD) of the large subunit of RNA polymerase II. This gene product may play a dual role in regulating CDK and RNA polymerase II activities.
