

Recombinant Human MTAP

Catalog No: #GP13088

Package Size: #GP13088-1 100ug

Orders: order@signalwayantibody.comSupport: tech@signalwayantibody.com

Description

Product Name	Recombinant Human MTAP
Brief Description	Recombinant Protein
Immunogen Description	Fusion protein corresponding to a region derived from 1-154 amino acids of human MTAP
Target Name	methylthioadenosine phosphorylase
Other Names	BDMF; MSAP; DMSFH; LGMBF; DMSMFH; c86fus; HEL-249
Accession No.	Swissprot:Q13126Gene Accession:BC018625
Uniprot	Q13126
GeneID	4507;
Storage	-20~-80°C, pH 7.6 PBS

Background

This gene encodes an enzyme that plays a major role in polyamine metabolism and is important for the salvage of both adenine and methionine. The encoded enzyme is deficient in many cancers because this gene and the tumor suppressor p16 gene are co-deleted. Multiple alternatively spliced transcript variants have been described for this gene, but their full-length natures remain unknown.?
