Cytokeratin 8 (phospho Ser73) Polyclonal Antibody

Catalog No: #13931

Description

Applications

Specificity

Species Reactivity

Signalway Antibody

Package Size: #13931-1 50ul #13931-2 100ul

Orders: order@signalwayantibody.com Support: tech@signalwayantibody.com

Product Name	Cytokeratin 8 (phospho Ser73) Polyclonal Antibody
Host Species	Rabbit
Purification	The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific
	immunogen

WB,IHC-p,IF(paraffin section),ELISA

Human, Mouse

when phosphorylated at S73.

Phospho-Cytokeratin 8 (S73) Polyclonal Antibody detects endogenous levels of Cytokeratin 8 protein only

Immunogen Description	The antiserum was produced against synthesized peptide derived from human Keratin 8 around the
	phosphorylation site of Ser73_AA range:41-90

Other Names	KRT8; CYK8; Keratin; type II cytoskeletal 8; Cytokeratin-8; CK-8; Keratin-8; K8; Type-II keratin Kb8

Accession No.	Swiss Prot:P05/8/GeneiD:3856
Uniprot	P05787

GeneID	3856
SDS-PAGE MW	55

Concentration	1 mg/ml

Formulation	Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.
Formulation	Eliquid III FB3 Containing 50% glycerol, 0.5% B3A and 0.02% socium azide.

Storage -20°C/1

Application Details

Western Blot: 1/500 - 1/2000. Immunohistochemistry: 1/100 - 1/300. ELISA: 1/40000. Not yet tested in other applications.

Background

keratin 8(KRT8) Homo sapiens This gene is a member of the type II keratin family clustered on the long arm of chromosome 12. Type I and type II keratins heteropolymerize to form intermediate-sized filaments in the cytoplasm of epithelial cells. The product of this gene typically dimerizes with keratin 18 to form an intermediate filament in simple single-layered epithelial cells. This protein plays a role in maintaining cellular structural integrity and also functions in signal transduction and cellular differentiation. Mutations in this gene cause cryptogenic cirrhosis. Alternatively spliced transcript variants have been found for this gene. [provided by RefSeq, Jan 2012],
