

## EGFR Polyclonal Antibody Biotin Conjugated

Catalog No: #C90088Bio

Orders: [order@signalwayantibody.com](mailto:order@signalwayantibody.com)Support: [tech@signalwayantibody.com](mailto:tech@signalwayantibody.com)

## Description

|                    |                                                                                 |
|--------------------|---------------------------------------------------------------------------------|
| Product Name       | EGFR Polyclonal Antibody Biotin Conjugated                                      |
| Host Species       | Rabbit                                                                          |
| Clonality          | Polyclonal                                                                      |
| Purification       | affinity purified by Protein A                                                  |
| Applications       | WB IHC IF                                                                       |
| Species Reactivity | Hu Ms Rat                                                                       |
| Immunogen Type     | 951-1050/1210                                                                   |
| Conjugates         | Bio                                                                             |
| Target Name        | EGFR                                                                            |
| Other Names        | EGFR                                                                            |
| Accession No.      | Uniprot:P00533Gene ID:1956                                                      |
| Uniprot            | P00533                                                                          |
| GeneID             | 1956                                                                            |
| Calculated MW      | 130                                                                             |
| Formulation        | 0.01M TBS(pH7.4) with 1% BSA, 0.03% Proclin300 and 50% Glycerol.                |
| Storage            | Shipped at 4°C. Store at -20°C for one year. Avoid repeated freeze/thaw cycles. |

## Application Details

WB=1:50-200 IHC=1:50-200 IF=1:50-200

Note: This product is for in vitro research use only
