## Myelin Basic Protein Rabbit mAb

Catalog No: #52442

Package Size: #52442-1 50ul #52442-2 100ul

Orders: order@signalwayantibody.com Support: tech@signalwayantibody.com

Product Name	Myelin Basic Protein Rabbit mAb	
Host Species	Recombinant Rabbit	
Clonality	Monoclonal antibody	
Clone No.	S03-8D1	
Isotype	Rabbit IgG	
Purification	Affinity Purified	
Applications	WB	
Species Reactivity	Human,Mouse,Rat	
Immunogen Description	Recombinant protein of human Myelin Basic Protein	
Conjugates	Unconjugated	
Modification	Unmodification	
Other Names	Myelin membrane encephalitogenic protein;Myelin A1 protein	
Accession No.	Swiss-Prot:P02686GeneID:4155	
Uniprot	P02686	
GeneID	4155	
Calculated MW	Calculated MW: 33 kDa; Observed MW: 18 kDa	
Concentration	0.3 mg/ml	
Formulation	50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% BSA	
Storage	Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.	

## Application Details

WB: 1/1000-1/5000

## **Images**

Western blot detection of Myelin Basic Protein in Hela,CHO-K1,C6 cell lysates using Myelin Basic Protein Rabbit mAb(1:500 diluted).Predicted band size:33kDa.Observed band size:18kDa.

## Background

Swiss-Prot Acc.P02686. The classic group of MBP isoforms (isoform 4-isoform 14) are with PLP the most abundant protein components of the myelin membrane in the CNS. They have a role in both its formation and stabilization. The smaller isoforms might have an important role in remyelination of denuded axons in multiple sclerosis. The non-classic group of MBP isoforms (isoform 1-isoform 3/Golli-MBPs) may preferentially have a role in the early developing brain long before myelination, maybe as components of transcriptional complexes, and may also be involved in signaling pathways in T-cells and neural cells. Differential splicing events combined with optional post-translational modifications give a wide spectrum of isomers, with each of them potentially having a specialized function. Induces T-cell proliferation.

Note: This product is for in vitro research use only
