

BIRC5 Antibody

Catalog No: #32306

Package Size: #32306-1 50ul #32306-2 100ul

Orders: order@signalwayantibody.com

Support: tech@signalwayantibody.com

Description

Product Name	BIRC5 Antibody
Host Species	Rabbit
Clonality	Polyclonal
Isotype	IgG
Purification	Affinity purification
Applications	WB,IHC
Species Reactivity	Human,Mouse,Rat
Specificity	The antibody detects endogenous level of total BIRC5 protein.
Immunogen Type	Recombinant Protein
Immunogen Description	Recombinant fusion protein of human Survivin (NP_001159.2).
Target Name	BIRC5
Other Names	API4;EPR-1;BIRC5;Survivin
Accession No.	Uniprot:O15392GenID:332
Uniprot	O15392
GenID	332
SDS-PAGE MW	16kDa
Concentration	1.0mg/ml
Formulation	PBS with 0.02% sodium azide,50% glycerol,pH7.3.
Storage	Store at -20°C. Avoid freeze / thaw cycles.

Application Details

WB 1:500 - 1:2000 IHC 1:50 - 1:200

Immunohistochemistry of paraffin-embedded Human brain using Survivin Rabbit pAb.

Immunohistochemistry of paraffin-embedded human colon carcinoma using Survivin Rabbit pAb.

Immunohistochemistry of paraffin-embedded human esophageal cancer using Survivin Rabbit pAb.

Immunohistochemistry of paraffin-embedded human tonsil using Survivin Rabbit pAb.

Immunohistochemistry of paraffin-embedded mouse fetal liver using Survivin Rabbit pAb.

Immunohistochemistry of paraffin-embedded rat fetal liver using Survivin Rabbit pAb.

Background

This gene is a member of the inhibitor of apoptosis (IAP) gene family, which encode negative regulatory proteins that prevent apoptotic cell death. IAP family members usually contain multiple baculovirus IAP repeat (BIR) domains, but this gene encodes proteins with only a single BIR domain. The encoded proteins also lack a C-terminus RING finger domain. Gene expression is high during fetal development and in most tumors, yet low in adult tissues. Alternatively spliced transcript variants encoding distinct isoforms have been found for this gene.

Note: This product is for in vitro research use only
