

Importin-7 antibody

Catalog No: #22447

Package Size: #22447 100ul

Description

Product Name	Importin-7 antibody
Host Species	Rabbit
Clonality	Polyclonal
Purification	Purified by antigen-affinity chromatography.
Applications	WB IHC IF
Species Reactivity	Hu
Immunogen Type	Peptide
Immunogen Description	Synthetic peptide contain a sequence corresponding to a region within amino acids 976 and 1038 of Importin-7
Conjugates	Unconjugated
Target Name	Importin-7
Accession No.	Swiss-Prot:O95373Gene ID:10527
Concentration	1mg/ml
Formulation	Supplied in 1XPBS, 10% Glycerol (pH7.0). 0.01% Thimerosal was added as a preservative.
Storage	Store at -20°C for long term preservation (recommended). Store at 4°C for short term use.

Application Details

Predicted MW: 120kd

Western blotting: 1:500-1:3000

Immunohistochemistry: 1:100-1:250

Immunofluorescence: 1:100-1:200

Images

Sample (30 ug of whole cell lysate)
A: JurKat
7.5% SDS PAGE
Primary antibody diluted at 1: 1000

Immunohistochemical analysis of paraffin-embedded Huh7 xenograft, using Importin 7 antibody at 1: 100 dilution.

Costained with Hoechst 33342

Immunofluorescence analysis of paraformaldehyde-fixed HeLa, using Importin 7 antibody at 1: 200 dilution.

Background

The importin-alpha/beta complex and the GTPase Ran mediate nuclear import of proteins with a classical nuclear localization signal. The protein encoded by this gene is a member of a class of approximately 20 potential Ran targets that share a sequence motif related to the Ran-binding site of importin-beta. Similar to importin-beta, this protein prevents the activation of Ran's GTPase by RanGAP1 and inhibits nucleotide exchange on RanGTP, and also binds directly to nuclear pore complexes where it competes for binding sites with importin-beta and transportin. This protein has a Ran-dependent transport cycle and it can cross the nuclear envelope rapidly and in both directions. At least four importin beta-like transport receptors, namely importin beta itself, transportin, RanBP5 and RanBP7, directly bind and import ribosomal proteins. [provided by RefSeq]
