

## KSHV ORF62 Mouse mAb

Catalog No: #63856

Package Size: #63856-1 50ul #63856-2 100ul

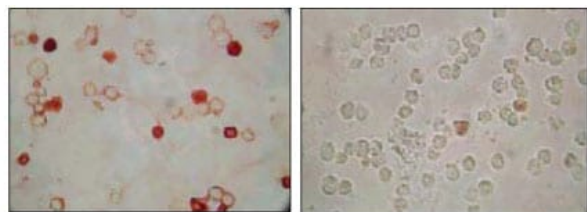

## Description

|                       |                                                                                          |
|-----------------------|------------------------------------------------------------------------------------------|
| Product Name          | KSHV ORF62 Mouse mAb                                                                     |
| Host Species          | Mouse                                                                                    |
| Clonality             | Monoclonal                                                                               |
| Isotype               | Mouse IgM                                                                                |
| Applications          | ICC                                                                                      |
| Species Reactivity    | KSHV                                                                                     |
| Immunogen Description | Purified recombinant fragment of human KSHV ORF62 expressed in E. Coli.                  |
| Target Name           | KSHV ORF62                                                                               |
| Other Names           | ORF62                                                                                    |
| Formulation           | Ascitic fluid containing 0.03% sodium azide.                                             |
| Storage               | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles. |

## Application Details

IHC:1/200 - 1/1000ELISA:1/10000

## Images

Immunocytochemistry analysis of TPA induced BCBL-1 cells (A) and uninduced BCBL-1 cells (B) using KSHV ORF62 mouse mAb with AEC staining.

Note: This product is for in vitro research use only and is not intended for use in humans or animals.
