Product Datasheet

FGFR3 (Phospho-Tyr724) Antibody HRP Conjugated

Catalog No: #C02382H

Package Size: #C02382H 100ul

Orders: order@signalwayantibody.com Support: tech@signalwayantibody.com

Description

Host Species Rabbit Clonality Polyclonal Isotype IgG Purification Purified by Protein A.	
Isotype IgG	
Purification Purified by Protein A.	
Applications IHC-F ICC	
Species Reactivity Hu Ms Rt	
Immunogen Description KLH conjugated synthetic phosphopeptide derived from human	FGFR3 around the phosphorylation site of
Tyr724	
Conjugates HRP	
Target Name FGFR3 Tyr724	
Other Names FGFR3 phospho Y724; FGFR3 phospho Tyr724; p-FGFR3 phospho Tyr744;	spho Y724; ACH; CD 333; CD333; CD333
antigen; CEK 2; CEK2; FGFR 3; Fibroblast growth factor recept	or 3 achondroplasia thanatophoric dwarfism;
Fibroblast growth factor receptor 3; Heparin binding growth factor	or receptor; HSFGFR3EX; Hydroxyaryl prote
Accession No. NCBI Gene ID2261	
Concentration 1mg ml	
Formulation 0.01M TBS(pH7.4) with 1% BSA, 0.03% Proclin300 and 50% G	lycerol.
Storage Shipped at 4°C. Store at -20°C for one year. Avoid repeated free	eze/thaw cycles.

Application Details

IHC-F=1:50-200 ICC=1:50-200

Background

The encoded protein is synthesized mainly in corticotroph cells of the anterior pituitary where four cleavage sites are used; adrenocorticotrophin, essential for normal steroidogenesis and the maintenance of normal adrenal weight, and lipotropin beta are the major end products. In other tissues, including the hypothalamus, placenta, and epithelium, all cleavage sites may be used, giving rise to peptides with roles in pain and energy homeostasis, melanocyte stimulation, and immune modulation. These include several distinct melanotropins, lipotropins, and endorphins that are contained within the adrenocorticotrophin and beta-lipotropin peptides. Mutations in this gene have been associated with early onset obesity, adrenal insufficiency, and red hair pigmentation. Alternatively spliced transcript variants encoding the same protein have been described.

Note: This product is for in vitro research use only and is not intended for use in humans or animals.
